

## **CPD TRAINING**

### **World Continuing Education Alliance CPD Training**

The Medical Clinical Officers Professionals-Uganda in Partnership with World Education Continuing Alliance are operating CPD platform

The Platform enables one to;-

1. Study online and offline
2. Earn CPD Points with access to free medical courses
3. Attend Webinars
4. Access African-based research articles
5. Access to an African healthcare community

### **The specific objectives of the training are to:**

- Improve and update health care providers' capacity to practice in accord to current advancements and technology
- Increase disease awareness; promote early screening, diagnosis and treatment.
- Enhance skills in relation to timely initiation and intensification of Patient management.
- Improve early identification and management in various areas of of interest and curb complications
- To further enhance quality in extension and fulfillment of universal health care.

### **Overview**

The WCEA provides platform for training and it is modular e-learning for Medical clinical officers among other Professions. It comprises of Short Courses. The modules and short courses are in English versions.

### **Short Courses**

The short courses are for the allied healthcare professionals – Medical clinical officers. There are various short courses. To complete each Short Course, the learner must complete the self-paced e-learning module.

### **Knowledge assessment**

Knowledge is assessed with a post-test or for each Short Course.

### **Certification**

To receive the certificate of completion, the learner will have to complete the short course module(s) provided in teach course and scores at least 80%. Where necessary, RoundTable sessions (webinar) programs/courses shall be provided.

### **Timeline for the completion of modules**

The deadline for the completion of the preferred module shall be detailed on introduction to each module, if necessary. After such a date, learners will no longer have access to the modules.

## **CPD Points**

On completion of the course, learners will be awarded CPD points and directly transferred to <https://www.ehealthlicense.go.ug/index.php/site/activities> .

## **How to Join The Program**
